DETAILED ACTION

Allowable Subject Matter

1. Claims 107-112 are allowed. The Examiner regrets the lack of compact prosecution.
2. The following is an examiner's statement of reasons for allowance: Applicant's REMARKS from the April 11, 2006 Appeal Brief is convincing. The prior art of record, either alone or in combination, does not disclose, suggest, or provide motivation to combine identifying a geographic area to a customer who has initiated a transaction using the wireless device, determining a specific wireless cell in communication with the wireless device and determining which point of sale locations are within the geographic area and communicating financial data as so recited with the other claim language recited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Applicant's Information Disclosure Statement submitted June 11, 2002 has been reviewed. Note attached PTO-1449.
